- Keeping of records and returns;
- Registration of directly affected groups; and
- Payment of statutory levies.

CGA argued that the statutory measures requested herewith, are necessary to compel exporters of citrus fruit to render returns on an individual basis so that market and production information for the whole of the country can be processed and disseminated. Obligatory registration will ensure that the statutory measures relating to records and returns, as well as levies, can be administered efficiently.

It is proposed that the statutory levy on citrus fruit intended for the export market be as follows:

Year	Levy amount
2013	3.133 c/kg (47 c/carton ¹);
2014	3.333 c/kg (50 c/carton);
2015	3.533 c/kg (53 c/carton); and
2016	3.733 c/kg (56 c/carton).

For the 2013 financial year, the CGA budgeted to collect an amount of approximately R44 million.

The payment of the levy will finance the following activities in the citrus fruit industry:

- Production research and development;
- Plant improvement;
- Information and statistics;
- Market access and functions to maintain current and develop new export markets; and
- Transformation in the citrus sector.

It is also argued that these statutory measures will not be detrimental to food security, the number of employment opportunities within the economy or to fair labour practice. In fact, CGA is of the opinion that they are aimed at growing the competitiveness and capacity of the industry.

Directly affected groups (e.g. producers, traders, agents, exporters and export inspection bodies) in citrus industry are kindly requested to submit any comments, in writing, regarding the proposed statutory measures, to the NAMC on or before 20 July 2012, to enable the Council to finalise its recommendation to the Minister in this regard.

NOTICE 527 OF 2012**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****CUSTOMS TARIFF APPLICATIONS****LIST 07/2012**

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following applications concerning the Customs Tariff. Any objection to or comments on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001. Attention is drawn to the fact that the rate of duty mentioned in this application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- ❑ Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ❑ A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ❑ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties.

The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons. If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).

Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

NOTICE 528 OF 2012**INTERNATIONAL TRADE ADMINISTRATION COMMISSION**

In accordance with the provisions in Article 53.1 of the Anti-Dumping Regulations, any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury.

The International Trade Administration Commission of South Africa (ITAC) hereby notifies all interested parties that, unless a duly substantiated request is made by or on behalf of the South African Customs Union (SACU) industry, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury, the following anti-dumping duties will expire during 2013:

	COUNTRY	PRODUCT	RATE OF ANTI-DUMPING DUTY	DATE OF IMPOSITION OF THE DUTIES	DATE OF EXPIRY OF DUTIES
1	People's Republic of China (PRC)	Welded link steel	2.4%-52.9%	09/05/08	08/05/13
2	People's Republic of China (PRC)	Door locks and door handles	1196c/kg	22/08/08	21/08/13
3	Sweden	Tall Oil Fatty Acid	19.1%-27%	12/12/08	11/12/13

PROCEDURAL FRAMEWORK

The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of ITAC (ADR). Both the ITA Act and the ADR are available from ITAC's website (www.itac.org.za) or from the Trade Remedies section, on request.

Manufacturers in the SACU of the subject products listed above, who wish to submit a request for the duty to be reviewed prior to the expiry thereof, are requested to do so not later than the close of business day on 30 July 2012. In the instances where no replies are received from the SACU manufacturers within these time limits, the Commission will recommend the termination of the duties on the date of expiry.

SACU manufacturers who do submit a request timeously, are requested to subsequently submit duly substantiated information, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury, to the Commission, on or before the dates as specified below:

	PRODUCT	COUNTRY	DATE OF EXPIRY OF DUTIES	DATE OF SUBMISSION
1	Welded link steel	People's Republic of China (PRC)	08/05/13	08/11/12
2	Door locks and door handles	People's Republic of China (PRC)	21/08/13	21/02/13
3	Tall Oil Fatty Acid	Sweden	11/12/13	11/06/13

The Commission will consider the information submitted in order to determine whether *prima facie* evidence exist to justify the initiation of a review. Should the Commission decide to initiate a review, notice will be given in the Government Gazette and other parties, being exporters and importers of the subject products, will be requested to comment and provide information.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- Where confidential information has been omitted and the nature of such information;
- Reasons for such confidentiality;

- A summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

These rules applies to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

Provided that a party submitting such information indicates it to be confidential."

PROCEDURES AND TIME LIMITS

Manufacturers in the SACU of the subject products listed above, who wish to submit a request for the duty to be reviewed prior to its expiry, are requested to do so not later than close of business on **30 July 2012**.

SACU manufacturers, who do submit a request before **30 July 2012**, should submit duly substantiated information, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury, to the Commission.

It should be noted that the investigation process is complex and the Commission is subject to strict time limits within which to complete the investigation.

Late submissions will therefore not be accepted, except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original period. Merely citing insufficient time is not an acceptable reason for extension.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the Senior Manager: Trade Remedies I, Ms Carina Janse van Vuuren, at telephone (012) 394-3594 or at fax (012) 394-0518.
